 - Wilhelm nominated Esnade for position, seconded by Oliver (as well as Lilie and others), and passed with unanimous voice.
 - Chamberlain- Grettir bjarnlyr spoke up asking to take the position. When asked if he knew the role of the chamberlain he offered: Keep track of the stuff we own, where it is, make sure we get it back, making sure it gets to where it needs to be. (And reporting on such.)
 - Oliver nominated Grettir for Chamberlain office, Lilie and Conandil raised hands also to nominate, Richard seconded, passed with unanimous acclaim.

Northpass Populace Badge Report

At the March 31st Ostgardr Heraldry Symposium, a Canton of Northpass Populace Badge was a subject of discussion and several designs were developed and considered. From this exercise, three viable candidates emerged that met the requirements requested by the Canton's Seneschal. It was decided that the three options should be presented to the populace at the next Commons and put up for discussion and a vote.

Requirements

1. To include the three cantonal colors: azure, argent and Or
2. To be recognizable as Northpass (directly allude to the canton's arms)
3. To be accessible in as many forms as possible for varying skills of the populace

Canton Arms

"Vair, two bendlets and in bend sinister a laurel wreath between two tygers passant to sinister Or"

Lines, tygers, vair, oh my!

Badge Options

1. "Azure, two bendlets argent, and overall a tyger passant contourny Or"
Appears free of conflict and is registerable.
2. "Azure, a tyger passant contourny Or between two bendlets argent"
Appears free of conflict and is registerable.
3. "Vair, a tyger passant contourny between two bendlets Or.
Appears free of conflict and is registerable.

Commentary

All options meet the first two requested requirements. The third option, although it displays maximum fidelity to the canton's arms, it will not be easily painted or sewn, especially in the small sizes used for populace badges.

Draft Report from Archery Loaner Gear Committee

Need: The Canton of Northpass has a growing archery community. We are getting 3 - 8 archers at almost every practice, and most practices have at least one newcomer. Further, at Barleycorn this past year, the number of new archers exceeded the available bows and arrows. Lastly, it would enhance the honor of the Canton to be able to support archery in the Crown Province and in the neighboring groups by contributing to archery loaner gear available at nearby events (if asked.)

The Canton's archery loaner gear (1 kit suitable for use by an adult & an extra youth bow) are insufficient for the need presented. At practices held at Flying Arrow Sports in Carmel, new archers have been renting equipment, because the one available bow was too heavy, or their were too many archers.) A full inventory of canton archery equipment can be found at <https://docs.google.com/spreadsheets/d/1YaYfpC6tOvIXIU7dibyEcbJyJxOERQq7DKlwZkaSkYg/edit?usp=sharing>

Recommendation: The archery loaner gear committee recommends the following be purchased to expand the archery loaner gear maintained by the Canton of Northpass.

Bows: 3 takedown youth recurve bows (2 right handed & 1 left handed, 2 @ 25# and 1 @ 30#) - <ul style="list-style-type: none"> Samick Polaris 62" Takedown recurve - \$114.98, each from Lancaster Archery Supply (shipping included) http://www.lancasterarchery.com/samick-polaris-62-takedown-recurve-bow.html 	\$344.94
Arrow Shelf Protectors: 3 hair rests - \$4.49 each <ul style="list-style-type: none"> http://www.lancasterarchery.com/bearpaw-traditional-hair-rest.html 	\$13.47
Shooting Gloves: 3 Damascus Shooting Gloves (1 medium, 1 large, 1 extra large. - \$13.99 each, shipping included. <ul style="list-style-type: none"> http://www.lancasterarchery.com/damascus-shooting-glove.html 	\$41.97
Hip Quivers: 4 youth hip quivers - \$10.99 each <ul style="list-style-type: none"> http://www.lancasterarchery.com/neet-n-613-tube-quiver.html 	\$43.96
Arm Guards: 4 arms guards - \$6.99 each <ul style="list-style-type: none"> http://www.lancasterarchery.com/neet-n-1-armguard.html 	\$27.96
Arrows: Northwest Archery Supply - 2 Dozen basic field arrows - \$98 per dozen + shipping (1 dozen @28" and 1 dozen @ 30")	Est. \$210
Estimated Total:	\$682.30

Rationale: Often an archers first experience with the bow and arrow determines whether they come back to the range. The committee believes that by purchasing good bows and arrows, we will improve the experience of the beginning archers, increasing the likelihood they will return to the SCA.

Alternatives: The following are several cost saving alternatives to parts of the recommended purchase, but they will decrease the quality of the experience of new archers.

<p>Replace takedown recurves with one piece polymer recurves Arc Rolan Snake Recurve - 22# ambidextrous - \$44.99 each</p> <ul style="list-style-type: none"> • http://www.lancasterarchery.com/arc-rolan-snake-60-recurve-bow.html <p>And remove the arrow shelf protectors.</p> <p>*Note: The price at lancaster archery supply is very good. Amazon retails this bow for \$69.99. Lancaster is back ordered.</p>	<p>Net cost reduction: -\$223.44</p>
<p>Replace 1 dozen arrows with 2 - 6 packs of 3 Rivers archery premium youth arrows. - \$36.99 for 6 - \$7.95 shipping.</p>	<p>Net cost reduction: -\$18.07</p>

Looking to Future Needs: The bows purchased, if cared for well, should last for many years to come, as should the shooting gear. Arrows are a consumable which we can expect to lose at a rate of 1-2 per practice-use/event. In the future, if canton members learn to make arrows, we can reduce costs to materials only. (\$50 - \$60 per dozen).
